GAME PROJECTS

High Pines

2025-Current

Studio Sapling | Horror/Adventure

Narrative Designer. Created two distinct three-act stories for an eerie adventure game: one following the player's journey, the other detailing the mysterious events they are investigating.

- Worked closely with the environmental artist to craft diegetic puzzles that balanced storytelling and gameplay.
- Crafted six original main characters, each with their own unique method of communication.
- Created over fifty lore notes in the form of journal entries, blog posts, comic strips, recordings, and more.

Fairy Circle

2025-2026

Play Hooky | Fairytale/Puzzle

Narrative Designer. Crafted a cohesive narrative befitting a cozy, fairytale game and designed five main characters, including antagonists and allies.

- Participated in weekly in-person developer meetings and brainstorming sessions, as well as promotional events.
- Wrote interactive prose events, dialogue vignettes, and narrative poems to deliver the story in unique and engaging ways.
- Implemented text and visual assets in Godot.
- Managed a comprehensive Story Bible, implementation CSV, and contextualized localization spreadsheet.
- Participated in social media events and game demo events with the development team.

TTRPG Project

2024

Service Alternatives | Behavioral Therapy

Support Professional. Designed two individualized Dungeons and Dragons campaigns and several one-shot sessions for youth in a behavioral rehabilitation program.

- Worked closely with therapeutic teams to implement behavioral and personal goals into the stories.
- Adjusted campaigns weekly to encourage player agency.
- Created accessible rule sheets, action guides, and note tracking systems for players who were new to the game.
